AFFIDAVIT IN SUPPORT OF SEARCH WARRANT

AGENT'S BACKGROUND

I, JEFFREY T. WRIGHT, being duly sworn, do depose and state that:

1. I am a Special Agent (SA) with the United States Department of Justice, Federal Bureau of Investigation (FBI), and have been employed in that capacity for approximately seven and one half years. I am currently assigned to the Albuquerque Division of the FBI, Farmington Resident Agency, and have primary investigative responsibility for crimes that occur in Indian Country, including violent crimes such as homicide, robbery, aggravated assault, and sexual assault. I am also responsible for investigating all other federal crimes which fall within the FBI's purview in the San Juan County area of New Mexico.

FACTS AND CIRCUMSTANCES ESTABLISHING PROBABLE CAUSE

2. The information set forth in this affidavit has been derived from an investigation conducted by SA Wright, Shiprock Criminal Investigator (CI) Jefferson Joe (Navajo Department of Criminal Investigations), and/or communicated to me by other law enforcement officers of the Navajo Nation and witnesses. It is intended to show only that there is sufficient probable cause for a search warrant and does not set forth all of my knowledge about this matter.

3. On the evening of May 2, 2016, investigators spoke with a 9-year old boy (hereafter referred to as John Doe), who provided the following witness account regarding the disappearance of his sister (hereafter referred to as Jane Doe 1) within the exterior boundaries of the Navajo Nation Indian Reservation in Northwest New Mexico:

4. John Doe got off his school bus in the afternoon of May 2, 2016, with his sister Jane Doe 1, an additional older sister (hereafter referred to as Jane Doe 2), and another friend from school. While starting to walk home, John and Jane Doe 1 played in an irrigation canal while Jane Doe 2 continued separately back to their house. While near the canal, John Doe said a red van pulled up to him and Jane Doe 1, and the driver of the vehicle, who was the only occupant, asked the children if they needed a ride. John Doe said Jane Doe 1 had hurt her foot and they both decided to get in the vehicle. The vehicle then headed toward the Shiprock Pinnacle, eventually driving on to a remote dirt road.

5. The driver of the vehicle then took Jane Doe 1 out of the vehicle and walked toward a hill. John Doe said the driver took a curved piece of metal with him when they left. John Doe stayed in the vehicle by himself. About an hour later, the man returned, but without Jane Doe 1. He still had the curved piece of metal with him. The man then told John Doe to get out of the vehicle.

6. John Doe made an attempt to locate his sister Jane Doe 1, but was not successful. He then walked back on the dirt road, eventually reaching Navajo Route 13, where he was seen by motorists walking by himself. He was picked up and taken to the police.

7. John Doe described the man who took his sister as having short hair, being not skinny nor fat, and not very old. The man was wearing dark clothing. He described the vehicle as a red van with sliding doors, and said it had some trash, a tire, a jacket, and a baseball cap inside.

8. John Doe said neither he nor Jane Doe 1 knew the man previously.

9. Investigators additionally spoke with Jane Doe 2, the older sister of both John and Jane Doe 1, and she said while she was walking home on her own, after getting dropped off by the school bus with her siblings, she was also approached by a man driving a red van who asked if she wanted to get in. She refused to get in the vehicle and he drove off. She described the man as having short hair and being in his 30s.

10. On May 03, 2016, Navajo Department of Criminal Investigations Criminal Investigator (CI) Lewis St. Germaine spoke with an individual identified as G.M. regarding the disappearance of Jane Doe 1. G.M. told CI Germaine that he should speak to his neighbor R.D. about a red van that was seen around the time of Jane Doe 1's disappearance. G.M. led CI Germaine to DICKIE's home where contact was made with R.D.. R.D. explained that his brother, TOM BEGAYE JR., saw a red van in the area of the location that Jane Doe 1 disappeared. R.D. told CI Germaine to follow him to R.D.'s sweat lodge, which is located approximately one quarter of a mile from R.D.'s main residence, to speak with BEGAYE. CI Germaine noticed a red Dodge Caravan bearing New Mexico license plate NNZ243 parked near the sweat lodge. G.M. took photographs of BEGAYE and his vehicle. When John Doe saw the picture of the man identified as BEGAYE, he immediately said that was the man who took his sister, Jane Doe 1. John Doe also identified BEGAYE's vehicle as the one that picked him and Jane Doe 1 up on May 2, 2016.

11. Investigators determined that on May 3, 2016, BEGAYE and his vehicle were at a sweat lodge outside of Shiprock, NM. The defendant was near a red van fitting the description given by John Doe, Jane Doe 2, and as described in Paragraph 10. BEGAYE was subsequently arrested, and provided the following information to SA Wright and CI Joe:

12. BEGAYE told investigators that he saw John and Jane Doe 1 playing and offered them a ride. Both of the children got in his vehicle. He stated that he picked up Jane Doe 1 because he had the intention of having sexual intercourse with her. He drove away from the area, eventually heading west on Navajo Route 13. He headed away from that highway and then stopped near a hill. Jane Doe 1 was crying and begging to be taken home.

13. BEGAYE said that he took out an L-shaped tire iron and hid it under his jacket. He then took Jane Doe 1 behind the hill and took off her pants, underpants, and shoes. He penetrated her vagina with two fingers. She was crying and he hit her in the head really hard with the tire iron. She immediately fell to the ground. He then hit her again in the head with the tire iron. He said she was still. Investigators eventually located Jane Doe 1's body near Navajo Route 13, which is within the exterior boundaries of the Navajo Nation Indian reservation, which is Indian Country in the District of New Mexico. Jane Doe 1's head was bloody and appeared to have sustained blunt force trauma.

14. BEGAYE later said Jane Doe 1 was moving when he left her, naked, in the spot where she fell. He said he never penetrated her with his penis. He then went back to the van.

15.John Doe was still in the vehicle. BEGAYE started driving back to the highway and told John Doe to get out of the vehicle. BEGAYE stated he then drove to his residence located just south of mile marker 13 on highway 64, west of Shiprock, NM. BEGAYE stated while he was at his residence he washed the blood off of the tire iron at an outside faucet and placed the tire iron back into (V-1).

16. BEGAYE stated he was wearing a pair of black Nike shoes when he assaulted "Jane Doe." He stated that the black Nike shoes are located inside of his residence. BEGAYE may have left other articles of clothing at his residence, that were worn during the commission of the offenses described above.

17. Based on my training and experience, I know that evidence that is generally small in size and is often easily transferred is commonly referred to as "trace evidence". "Trace evidence" can take the form of fibers, soil, seeds, animal hair, human hair and other materials such as bodily fluids. These substances are often exchanged between individuals during physical contact. They can also be transferred from individuals to environments and from environments to individuals. They can define where an individual may have been, with whom the contact occurred, and perhaps, the nature of the contact."

18. Based on the aforementioned information, I submit that probable cause exists to search a light blue single story, single family dwelling located just south of mile marker 13 on highway 64. Located west of Shiprock, NM, further identified in Attachment A, footwear impression(s). bodily fluids, bodily tissue and /or organ(s) including saliva, semen, blood, bone fragments, skin, hair and / or item(s) on and / or within them., clothing, black pair of Nike shoes

This affidavit has been reviewed by FBI Assistant Division Counsel Anthony Costanza and Assistant United States Attorney Kyle Nayback of the District of New Mexico.

Respectfully submitted,

Jeffrey T. Wright
